We were appointed as project managers and quantity surveyors on the exciting hotel project on Paris, the now Hôtel Dame des Arts.

Located on the left bank near Notre Dame, Paris's newest hotel is a sight to behold from the moment you step into its beautiful foyer. The hotel spans all the way up to the ninth floor, where a spectacular rooftop terrace awaits, offering views of some of the city's most famous sites, including Montmartre, the Louvre, La Défense, the Eiffel Tower, Les Invalides, the Sorbonne, the Pantheon, the Montparnasse Tower, and of course, Notre Dame.

One of the most impressive features of the Hôtel Dame des Arts is its extensive amenities. The hotel includes a cinema, a black-wood sauna and a treatment room, ensuring guests have everything they need for a relaxing and enjoyable stay. Additionally, the hotel has its own signature scent, created by Arthur Dupuy, making it a sensory experience that guests won't forget. The Hôtel Dame des Arts is a must-visit destination. Its impeccable design, prime location and luxurious amenities make it the perfect place to stay while exploring the city's art, culture and iconic landmarks.

With the John Rowan and Partners Hospitality team behind it, the Hôtel Dame des Arts is sure to exceed expectations and provide an unforgettable experience for all who stay there.
